### Safe Harbor Statement

The following constitutes a "Safe Harbor" statement under the Private Securities Litigation Reform Act of 1995: This press release contains forward-looking statements that involve a number of risks and uncertainties, including forward-looking statements about our business, financial performance, and cash dividend program. These forward-looking statements represent our expectations as of the date of this press release. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events, or otherwise. These forward-looking statements are subject to known and unknown risks and uncertainties that may cause our actual results to differ materially from these forward-looking statements as a result of various important factors, including those set forth under the heading "Risk Factors" in Kadant's Annual Report on Form 10-K for the fiscal year ended January 3, 2026 and subsequent filings with the Securities and Exchange Commission. These include risks and uncertainties relating to adverse changes in global and local economic conditions; the variability and difficulty in accurately predicting revenues from large capital equipment and systems projects; our acquisition strategy; levels of residential construction activity; reductions by our wood processing customers of their capital spending or production of oriented strand board; changes to the global timber supply; development and use of digital media; cyclical economic conditions affecting the global mining industry; demand for coal, including economic and environmental risks associated with coal; failure of our information systems or breaches of data security and cybersecurity incidents; implementation of our internal growth strategy; competition; our ability to successfully manage our manufacturing operations; supply chain constraints, inflationary pressure, price increases or shortages in raw materials; loss of key personnel and effective succession planning; future restructurings; protection of intellectual property; changes to tax laws and regulations; climate change; adequacy of our insurance coverage; global operations; policies of the Chinese government; the variability and uncertainties in sales of capital equipment in China; currency fluctuations; changes to government regulations and policies around the world; compliance with government regulations and policies and compliance with laws; environmental laws and regulations; environmental, health and safety laws and regulations impacting the mining industry; our debt obligations; restrictions in our credit agreement and note purchase agreement; soundness of financial institutions; fluctuations in our share price; and anti-takeover provisions.
